

DOMESTIC WASTEWATER SEWER SERVICE APPLICATION

METROPOLITAN SEWERAGE DISTRICT OF BUNCOMBE COUNTY, NORTH CAROLINA

MSD must approve all new connections to the District Sewerage System in accordance with North Carolina Law. "New sewer connections" include any new construction to be connected to the District Sewerage System, mobile homes to be connected to the District Sewerage System and additions or alterations to existing wastewater flow. The applicant for wastewater service is responsible for obtaining any necessary rights of way (deeded easements) for sewer service between the applicant's property and the connection to the District Sewerage System. If there are any sewer lines located on the property, it is the owner's responsibility to identify and locate the sewer lines to ensure that no structures or other improvements are located in violation of North Carolina Law. Contact MSD for assistance in locating the sewer lines. MSD reserves the right to rescind any approval of this application and any allocation of wastewater flow if any information on this application is incorrect or if MSD is prohibited by the State of North Carolina or EPA from accepting additional flows.

***SEWER CONNECTION (TAP) FEES:** This fee will apply to all new construction, as well as existing structures which have been demolished/rebuilt and sewer service is reinstated under new property ownership. MSD will install sewer connections where the public main is on the same side of the street as the residence or business. MSD requires that a licensed utility contractor install any sewer connection/service line within public rights-of-way extending over 75 feet or that requires pavement disturbance or boring to reach across a paved thoroughfare. The installation shall be constructed to MSD Standards. All work will be subject to MSD inspection.

ALLOCATION FORMS: A sewer Allocation is required for any residential project greater than two single-family residences. All new commercial projects require an Allocation, and occasionally an Allocation is needed for commercial upfits or tenant change-outs. The Allocation fee is \$170.00.

RELEASE OF CERTIFICATE OF OCCUPANCY (C/O'S): MSD will not release Certificates of Occupancy/Completion (C.O.)s for projects where the sewer system has not been transferred to MSD, or for projects where required sewer work and/or documentation has not yet been completed.
