## Board Action Item - Right-of-Way Committee

COMMITTEE MEETING DATE: 02/25/2026

BOARD MEETING DATE: 03/18/2026

SUBMITTED BY: Tom Hartye, PE, General Manager  
PREPARED BY: Wesley Banner, Right of Way Manager  
REVIEWED BY: Hunter Carson, PE, Director of CIP

**SUBJECT: Consideration of Condemnation-  
Hazel Mill Road @ Richland Street GSR  
MSD Project No. 2024016**

**Owner Name: River Echeverria**  
**Parcel Number: 9638-67-2805**

Subject parcel is located along Hazel Mill Road in West Asheville and is an unimproved vacant lot. The existing sewer line runs through the western side of the subject parcel and is being replaced in the same location via pipe burst method. Subject parcel is designated as RM8 zoning; therefore, a portion of the proposed easement area lies within the side and front setbacks.

Staff began negotiations with the owner back in August of 2025. We have been unsuccessful in reaching an agreement with the property owner despite multiple letters, door hangers and phone calls. The compensation offer is \$9,984.00 and the property owner has not indicated if they agree with this offer due to their lack of response. The project goes out to bid soon and MSD must move forward.

Staff is requesting authority to order an appraisal and to proceed with condemnation if necessary.

**SUBJECT: Consideration of Condemnation-  
ITT Pump Station Replacement  
MSD Project No. 2020061**

**Owner Name: Quality Point LLC**  
**Parcel Number: 9642-36-1779**

Subject parcel is located along Broadpointe Drive in Fletcher and is improved with industrial mix use. The proposed easement will serve as the parking and access road to the new pump station being built on the adjacent parcel to the north. The subject parcel is designated as M-1 zoning; therefore, a portion of the easement lies within the side 5-foot setback.

Staff began negotiations with the owner back in September of 2025. Negotiations with the owner have progressed slowly despite multiple letters, emails and phone calls. A site meeting with the owner's representatives was held in late January. The owner's main concern is that the proposed easement may conflict with the expansion plans to their facility. The MSD Project Engineer is working with the owner's Engineer to resolve these concerns; however, the project goes out to bid in May and MSD must move forward.

The compensation offer is \$75,329 and the owner has not provided any feedback concerning this offer.

Staff is requesting authority to order an appraisal and to proceed with condemnation if necessary.
